

Fluted Profile

PRODUCT DESCRIPTION

The fluted wall panel's ribbed profile provides bold vertical reveals, complimenting almost any building design. The profile exhibits traditional styling with distinctive vertical lines and can be used on vertical applications for wainscoting, bar front, accent and feature walls, elevator lobbies and more. Available in panels or Single profile stick, it can be designed into any space for easy installation. Finished in white, gray, or black or any Sherwin Williams paint color as well as White Oak and Eastern Walnut.
